Company Introduction

ShenZhen Merpower Electronics Co., Ltd. was established in 2005 and has nearly 20 years of R&D and manufacturing experience in battery applications. And obtained many related patents at domestic and abroad. Since 2015, we has been awarded the title of national high-tech enterprise for many consecutive years. The products developed and produced have provided services for well-known companies in related industries in the United States, Europe and Australia in the electronic consumer market, outdoor camping and other fields, and have obtained good market feedback and user recognition.

In recent years, company always focusing on the research and development, manufacturing and sales of fast charging, Power Bank, outdoor portable power pack and battery life.

On the premise of "safety and reliability", we pay attention to the user experience, and insist on systematic control from the aspects of incoming material, production, quality control, etc., Especially the key materials and key processes, we strictly follow the ISO9001 standard requirements and the special requirements of customers Control, manage.

In terms of service, we take "creating value for customers" as the starting point, pay special attention to providing customers with exclusive services, actively optimize products, and provide good suggestions for customers to achieve good market feedback.

The products we provide are subject to 100% aging test. Rigorous reliability testing is performed before design and during production. User terminal experience test. The products have passed UL/CE/FCC/BSMI/ROHS/UN38.3/MSDS and other related certifications. And have PICC global liability insurance.

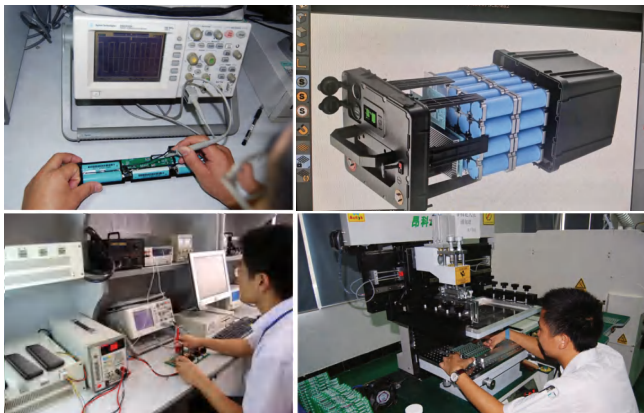

We are ready!
